cpdevents@papworth.nhs.uk

Aim of the Symposium

- The Cambridge edition of the International DCD Heart Symposium aims to share with its audience the elements needed to develop a successful DCD heart transplant programme
- This interactive Symposium will cover the latest development in heart transplantation using organs from donation after circulatory determined death

Days to include

- The Papworth protocol on transplanting a DCD heart
- Clinical updates on DCD heart transplantation
- Video presentation on the "do's and don'ts" based on the global experience
- The impact of DCD heart transplantation on other organs
- The ethics behind DCD heart retrieval
- Learning about a patient's perspective

Who should attend?

- Transplant Surgeons, Cardiologists, Technicians, Perfusionists and Nurses

Faculty led by

- Mr. Stephen Large, Consultant Surgeon
- Mr. Steven Tsui, Consultant Surgeon

Registration fee

£100.00

Supported by an educational grant from TransMedics
